CHEF'S NOTES

Shrimp are quick and easy to prepare, even from frozen. Simply place them in a colander in the sink and run cold water over them for about 5 minutes.

Buying frozen shrimp when it is on sale means you can have a quick meal on the table any time you feel like seafood for dinner!

DIRECTIONS

1. Gather all necessary equipment and ingredients. Prepare all ingredients as described above.
2. In a small bowl, combine the minced garlic, lemon zest, and juice. Set aside.
3. Pat the peeled and deveined shrimp with a paper towel to absorb excess moisture. In a medium bowl, combine the peeled and deveined shrimp with 1 Tablespoon olive oil, paprika, red pepper flakes (if using), salt, and pepper, using tongs to toss to coat.
4. In a large non-stick skillet, heat the remaining 1 Tablespoon olive oil over medium heat and swirl to coat the bottom of the pan evenly. Once the oil is hot, add the shrimp to the pan in an even layer and cook, until lightly browned and starting to curl, about 2-3 minutes. Use tongs to flip the shrimp to finish cooking on the other side, about 1-2 minutes more.
5. Once the shrimp are cooked, reduce heat to low and add the garlic and lemon mixture. Stir quickly to incorporate thoroughly and lightly cook the garlic. Serve immediately.
