CHEF'S NOTES

Cooking the pasta with the sauce ingredients isn't just a way to cut down on dirty dishes, it also adds a richer flavor to the pasta! This dish is a great example of layering flavors with each step of the cooking process.

You can substitute any white bean like navy beans or chickpeas for the cannellini beans.

This recipe is great on its own but can also be served with our Turkey Meatballs (see separate recipe)!

DIRECTIONS

1. Gather all necessary equipment and ingredients. Prepare all ingredients as described above.
2. Heat a large saucepot over medium-high heat. Once hot, add the oil and then the onion, sautéing until translucent and lightly browned, about 3-4 minutes.
3. Add the garlic, red pepper flakes, and Italian seasoning and sauté until just fragrant, about 30 seconds to 1 minute more.
4. Add the wine, scraping up any accumulated brown bits. Allow the wine to reduce, about 2-3 minutes.
5. Add the tomatoes, drained beans, spaghetti (break in half lengthwise if it's too long to fit comfortably in the pan), stock, water, salt and pepper. Stir to combine. Bring to a boil then cover and simmer until sauce is thickened and pasta is al dente, about 8 -10 minutes.

- Remove the pan from the heat and finish by adding the chopped spinach and balsamic vinegar and stirring to combine. Top with the basil ribbons and parmesan before serving.
