## INGREDIENTS

1 (15oz) can	Chickpeas (Garbanzo Beans), drained and rinsed
1 clove	Garlic, rough chop
½ each	Lemon, juiced
3 Tbsp	Water
¼ cup	Extra Virgin Olive Oil
½ tsp	Kosher Salt
To Taste	Black Pepper, ground
1 tsp	Hot Sauce (optional)

## CHEF'S NOTES

Extra hummus can be stored in an airtight container in the refrigerator for up to 5 days.

## DIRECTIONS

1. Gather all necessary equipment and ingredients. Prepare all ingredients as described above.
2. Drain and rinse the chickpeas. In a microwaveable safe bowl, microwave the chickpeas until hot (about 1-2 minutes on high). This will result in smoother hummus.
3. In a food processor or blender, combine the garlic, chickpeas, lemon juice, water, oil, and spices. Blend the mixture until smooth. If the hummus is too thick, add warm water, one tablespoon at a time, until the hummus is smooth and creamy.
4. Store hummus in refrigerator until use.
